 **ETHANOL FIREPLACE FUEL**

UNSCENTED BIOETHANOL

For use in ALL ethanol fireplaces. Manufactured with no perfume or fragrance. Can be used both inside or outside

Ethanol Fireplace Fuel is a formulated blended to offer the longest clean and odour free burn possible.

CITRONELLA BIOETHANOL

Designed for modern outdoor fireplaces & firepits, our Citronella Bioethanol is a smart ecological alternative to oil based citronella mosquito lamps

Effective mosquito repellent with a long lasting and smoke free yellow/orange flame

SCENTED BIOETHANOL

For use in ALL ethanol fireplaces. This fuel burns with a beautiful yellow/orange flame and is manufactured with a soft aromatic fragrance that adds a very pleasant subtle background aroma.

Ideal for burning indoors
